* No Class A units were outstanding prior to their distribution under the simplified prospectus.

What does the fund invest in?

The fund seeks to generate income and moderate capital appreciation, while prioritizing capital preservation and prudent investment management and integrating a sustainable and responsible investment approach. The fund follows a security-selection policy that emphasises sustainable and responsible issuers. The fund invests primarily, directly or indirectly, in investment-grade Canadian fixed-income securities. Indirect exposure may be obtained through investments in exchange-traded funds (ETFs), and the fund may also use derivative instruments to manage risk exposure. The fund will focus mainly on the Canadian bond market, but it may invest up to 30% of its net asset value in foreign securities, including up to a maximum of 10% of its assets in emerging market securities.

The tables below provide you with a snapshot of the fund's investments on March 31, 2026. The fund's investments will change.

10.	City of Ottawa 4.1 12/06/52	3.0%		
Total percentage of top 10 investments:		50.7%		
Total number of investments:		58		

How risky is it?

The value of the fund can go down as well as up. You could lose money. One way to gauge risk is to look at how much a fund's returns change over time. This is called "volatility". In general, funds with higher volatility will have returns that change more over time. They typically have a greater chance of losing money and may have a greater chance of higher returns. Funds with lower volatility tend to have returns that change less over time. They typically have lower returns and may have a lower chance of losing money.

Risk Rating

Nymbus Capital Inc. has rated the volatility of this fund as **Low**.

This rating is based on how much the Fund's returns have changed year to year.

It doesn't tell you how volatile the fund will be in the future. The rating can change over time. A fund with a low-risk rating can still lose money.

For more information about the risk rating and specific risks that can affect the fund's returns, see the "What is a mutual fund and what are the risks of investing in a mutual fund?" section of the fund's simplified prospectus.

No guarantees

Like most mutual funds, this fund does not have any guarantees. You may not get back the amount of money you invest.

How has the fund performed?

This section tells you how class A units of the fund have performed. However, this information is not available because no Class A units were outstanding prior to their distribution in accordance with this simplified prospectus.

Year-by-year returns

This section tells you how Class A units of the fund have performed in past calendar years. However, this information is not available because no Class A units were outstanding prior to their distribution in accordance with this simplified prospectus.

Best and worst three-month returns

This section shows the best and worst returns for the Class A units of the fund in a 3-month period. However, this information is not available because no Class A units were outstanding prior to their distribution in accordance with this simplified prospectus.

Average return

This section shows the value and annual compounded rate of return of a hypothetical \$1,000 investment in Class A units of the fund. However, this information is not available because no Class A units were outstanding prior to their distribution in accordance with this simplified prospectus.

Who is this fund for?

This fund is for investors who:

- plan to hold their investments for the medium to long term;
- are seeking income and moderate capital growth;
- want ESG criteria to be considered in investments; and
- can tolerate a low level of risk.

A word about tax

In general, you'll have to pay income tax on any money you make on a fund. How much you pay depends on the tax laws where you live and whether or not you hold the fund in a registered plan, such as a Registered Retirement Savings Plan, or a Tax-Free Savings Account.

Keep in mind that if you hold your fund in a non-registered account, fund distributions are included in your taxable income, whether you get them in cash or have them reinvested.

How much does it cost?

The following tables show the fees and expenses you could pay to buy, own and sell Class A units of the fund. The fees and expenses, including commissions, can vary among classes of a fund and among funds. Higher commissions can influence representatives to recommend one investment over another. Ask about other funds and investments that may be suitable for you at a lower cost.

1. Sales charges

Neither the Fund nor Nymbus Capital Inc. charge you any sales charges when you buy, redeem or switch units of the fund. For Class A units, your dealer may charge you additional fees, not exceeding 0.5% of the subscription price. Nymbus Capital Inc. does not receive any of these initial sales charges – they go directly to your representative. Sales charges are negotiated directly with your representative.

2. Fund expenses

You don't pay these expenses directly. They affect you because they reduce the fund's returns.

The fund's expenses are made up of the management fee, operating expenses and trading costs. The class's annual management fee is 1.5% of the class's value and the fixed administrative fee is 0.17% of the fund value. Because no Class A units were outstanding prior to their distribution in accordance with this simplified prospectus, operating expenses and trading costs are not yet available.

More about the trailing commission

The trailing commission is an ongoing commission. It is paid for as long as you own the fund. It is for the services and advice that your representative and their firm provide to you. Nymbus Capital Inc. pays the trailing commission to your representative's firm. It is paid from the fund's management fee and is based on the value of your investment.

The rate for the Class A units of the fund is 0.5% of the value of your investment each year. This equals to \$5 each year for every \$1,000 invested.

Performance fees

Nymbus Capital Inc. is entitled to a performance fee equal to 15% of the class return above the FTSE Canada Universe Bond Index (hurdle rate) for a calendar year, subject to a high-water mark.

3. Other fees

You may have to pay other fees when you buy, hold, sell or switch units of the fund.

Fees	What you pay
Short-term Trading fees	2% of the value of the units you redeem or switch within 90 days of purchase may be charged. These fees are not paid to the Manager but to the affected Fund.
Transfer fee	Your dealer may charge fees if you transfer to another financial institution or if your dealer provides optional services. These fees are not paid to the Manager.

What if I change my mind?

Under securities law in some provinces and territories, you have the right to:

- withdraw from an agreement to buy mutual funds within two business days after you receive a simplified prospectus or a fund facts document, or
- cancel your purchase within 48 hours after you receive confirmation of the purchase.

In some provinces and territories, you also have the right to cancel a purchase, or in some jurisdictions, claim damages, if the simplified prospectus, fund fact document or financial statements contain a misrepresentation. You must act within the time limit set by the securities law in your province or territory.

For more information, see the securities law of your province or territory or ask a lawyer.

For more information

Contact Nymbus Capital Inc. or your representative for a copy of the fund's simplified prospectus and other disclosure documents. These documents and the fund facts make up the fund's legal documents.
